Features

Steel housing with flat, convex or concave lenses. LED optimized optics for smooth, efficient illumination. Tamper resistant option w/polycarbonate lens available. Programmable driver for custom lumen packages. 0-10V dimming to 1% standard or Dim-to-Off. DMX, Lutron and DALI protocols also available. Sensor Ready for wireless Smart Lighting Solutions. 80/90CRI, Tunable White, RGBW & RGBWW. Bios SkyBlue™ circadian solutions available. Compatible with Armstrong® ceiling systems. **Declare** Red List Approved.

Grid Ceiling Flat Lens. See page 3 for all lens and ceiling options.

BIOS SkyBlue

BIOS SkyBlue biological technology brings the benefits of blue skies inside. BIOS SkyBlue is the only spectrally optimized circadian solution to target the region that drives wellness benefits including: increased alertness, enhanced productivity, better mood, and better sleep. More information may be found at www.bioslighting.com or by contacting Day-O-Lite directly. All options for 0-10V control.

BIOS Biological Static

For daytime applications. BIOS Static Biological LED features key BIOS SkyBlue (490nm) for maximum daytime circadian impact.

B30 = 3000K B35 = 3500K B40 = 4000K

BIOS Biological Dynamic White

Designed to transition from daytime to evening in a dim-to-warm protocol. The daytime CCT includes full BIOS SkyBlue (490nm) for maximum daytime circadian impact, while the evening spectrum removes BIOS SkyBlue for minimal circadian stimulus after hours.

B30D = 3000K-2700K B35D = 3500K-3000K B40D = 4000K-3500K

BIOS Biological Tunable White

Designed to transition from daytime to evening in a tunable white protocol. The daytime CCT includes full BIOS SkyBlue (490nm) for maximum daytime circadian impact, while the evening spectrum removes BIOS SkyBlue for minimal circadian stimulus after hours.

B30T = 3000K-2700K B35T = 3500K-2700K B40T = 4000K-2700K

Wireless Control

CAS = Casambi

*Sensors for remote mount only.

Sensors and control options to be commissioned wirelessly in the field by qualified controls personnel with applicable apps (by others).

Other Options

Other sensor and wireless control options are available. Contact factory for details.

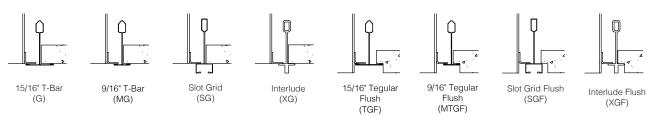

¹Tunable white may be controlled by a number of dimming protocols as shown.

²Dim-to-Warm mimics incandescent dimming by warming the CCT from 6500K to 2700K as light levels are dimmed.

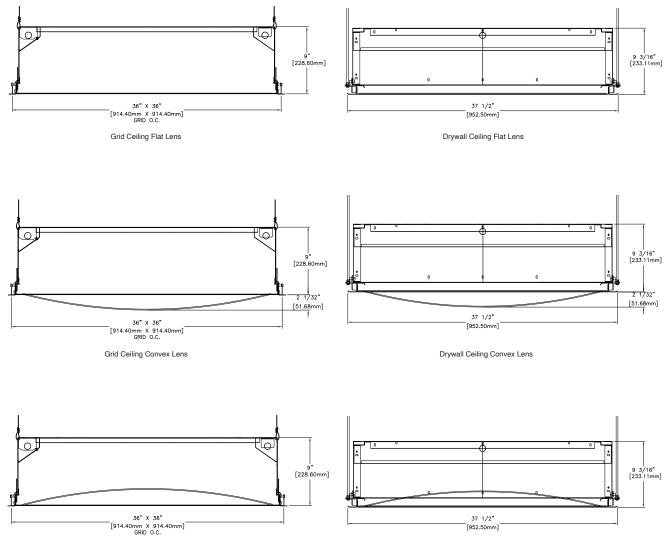

³All RGB, RGBW and RGBWW options for DMX control (by others). 80 CRI standard.

Mounting Options

Housing and Lens Details

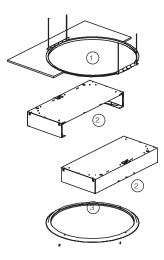

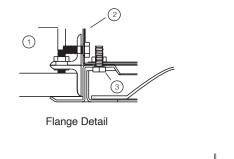

Grid Ceiling Concave Lens

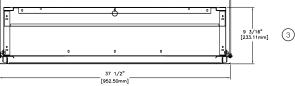

Drywall Ceiling Concave Lens

🖸 DAY-O-LITE

Drywall/Plaster Ceiling

Secure plaster frame to the ceiling with (1)rods or wire ties.

The plaster frames are ship prior to the fixture for ceiling preparation.

Insert the fixture sections one at a time. The fixture housing is fabricated in two mating sections to allow entry through the plaster frame aperture, the housing is furnished with the necessary hardware for field attachment.

Install the lens frame assembly to the fixture housing. The lens frame is provided with hardware and is tethered to allow access inside the fixture. The lens door is secured with a bayonet twist locking action.

Specifications

CONSTRUCTION: 20 gauge CRS housing and internal components.

REFLECTOR: 20 gauge CRS finished in highly reflective baked white enamel with pre-finished reflective LED tray.

OPTICS: LED optimized Satin Ice acrylic lay-in lens and convex acrylic lens. Polycarbonate tamper resistant lens available.

LED: Static white LED modules in 27/30/35/40 & 50K CCT, 80/90CRI. Lumen maintenance minimum L₇₀= 50,000 hours. 3 SDCM color consistency. BIOS SkyBlue, RGB, RGBW, RGBWW. Tunable White and Dim-to-Warm options available; field replaceable.

DRIVER: Driver is Class 2 AOC 0-10V to 1%, Dim-to-Off available. 120/277V input, PF > 90%, THD < 20 @ 120V. Additional dimming protocols available. All drivers prewired from factory for connection to control system (by others); field replaceable.

MOUNTING: Standard installation is in an exposed inverted T-bar ceiling. Fixtures are supplied with four support brackets for additional support to T-bar. May also be installed in plaster ceilings (F/TRL mounting option with Flange). Tamper resistant mounting option available.

FINISH: Housing and components finished in baked white enamel.

CERTIFICATION: cETLus listed, conforming to UL STD. 1598 and certified to CSA STD C22.2 NO. 250.0. Suitable for dry & damp locations. Union Made in the United States of America, I.B.E.W, BAA compliant, Declare Red List Approved.
